To The Reader

Welcome to the 2nd issue of the Maroondah Social Darts Association newsletter, THE BULL!

Every issue will contain ladders and individual statistics for all of the leagues that our members are currently involved in, consisting of MSDA Monday Night League, MSDA Wednesday Night League, ESCCDL Thursday Night League and also the Friday Night Premier League. If a weekend competition has been run over any weekends throughout the month, winners etc will also be listed.

As this newsletter is for you the

readers to enjoy as well as catch up on your progress, I will gladly accept any suggestions you may have for the newsletter. So please if you know of any up-

FRIDAY NIGHT PREMIER LEAGUE

As predicted the finals were fantastic with all games being close. After getting over my own disappointment that due to my broken finger, I was unable to complete the round robin, and therefore any chance to get in to the finals, I have to say the games were close and very competitive.

first up was Steve (**head hunter**) Nichols and Steve (**Zulu**) Green and what a game it was. With both players going hammer and tongue breaking each others throw early before the game settled down a little, head hunter getting the early advantage, then it was Zulus turn to turn up the heat, as he turned around a couple of games down to being in a position to win, up 7-6 only needing one leg to knock out Head hunter...but it was not to be with head hunter showing why he topped the premier league for most of the season getting up by winning the next two legs, well done lads top game.

Next game we have Tony (**Blade**) Birtwistle V Daff (**agent99**) Flanagan and again if you missed the finals you missed some fantastic action this time Blade got off to a good start getting the first two games, 99 got in to it in game 3, be for Tony B hit a cracking 160 peg in the next leg, again the guys were giving it everything knowing a crack at Steve Nichols awaited the winner with Dave coming right back at Tony picking up the next leg and then wasted a couple of shots in the very next game to put himself right back in to it, unfortunately for him letting it TB who took full advantage, and although Daff hung in there in the next 3 or 4 legs the damage had already been done with Tony winning 8-5, another good game, now a little brake while we wait for the finals, while I am waiting, just a few words for all the people who make this possible, sponsors

like Mitsubishi who have supplied the shirts that we play in, to all of you players who turn up week in week out, as well as the likes of Jean & Christine who help by collecting Money and generally supporting the concept, let me say a **BIG THANK YOU TO YOU ALL** this includes any body I may of not mentioned, it takes a lot of time and effort to keep this type of thing up and running...so please give them your support and next time you see them say thanks, now for the Final, and what a final it is, Steve (**Head Hunter**) Nichols V Tony (**Blade**) Birtwistle, it was Blade who got away to the better start, winning the first 2 legs, before Head Hunter got it going winning the next 2 legs...just what we were anticipating the next 2 games were shared before Blade Grabbed the break after the Head Hunter wasted a few shots at his double, and we all remember what happened to Daff when he wasted his chances! with Blade also Taking the next one it started to look like he may run away with it, but head Hunter was having none of that and went on a streak of 3 wins himself to grab back the lead, a classic and Then it was Blades turn again, you can feel the ebb and flow of the game and the tension in the air, and just when you thought it was over Head hunter came back again...what a game as it went right down to the wire with Blade taking out this super game 10-8, congrats to both players for making it such a good spectacular final.
